

JLDBA BEHAVIOR MANAGEMENT AND INTERVENTION

It is the policy of the Board to promote good behavior in a safe and orderly environment where all students can be fully engaged in the learning process. To ensure that our students and staff are protected against disruptive behavior, the board directs the Dean to set forth procedures for behavior management and interventions that are designed to maintain a positive environment conducive to learning.

Student conduct that disrupts class work, involves disorder, or invades the rights of others will not be tolerated and may be cause for suspension or other disciplinary action.

The administration of disciplinary action will focus both on consequences and on changing or managing inappropriate behavior. It is important that there be careful evaluation of the individual situation so that the school's response to the student is appropriate.

If the student has an Individualized Education Program (IEP), the process will follow federal and state laws governing special education.

All available resources should be utilized, including preventive and responsive interventions to support students' needs. These interventions should include psychological, curricular, and behavioral services, which should take place within classrooms, schools, and alternative settings.

Exclusion from the classroom should be the disciplinary action of last resort.

The Dean will also ensure that classroom behavior management skills are addressed through professional development, and that there is an adequate system of recordkeeping regarding disciplinary infractions and interventions.

The use of corporal punishment is prohibited in the Charter School.

This policy will be reviewed on an ongoing basis in accordance with the Board's policy review process.
