

GCO - EVALUATION OF PROFESSIONAL STAFF

The Dean or designee will evaluate all professional staff as a basis for contract recommendations. Evaluations should occur at least once per school year, but may occur more than once per year if the Dean or designee determines additional evaluations are necessary.

In conjunction with professional staff evaluations, the Dean or designee may implement an "improvement plan" if the Dean or designee believes the professional staff member is not meeting the performance goals set by the Board of Directors and/or is not adhering to the charter of the school.

Personnel Committee Approved: 3/9/15

Board Approved: 4/15/15
